JOB APPLIED FOR

WORK EXPERIENCE

08/07/2020 – Present

Special Forces Instructor - Role of Honour

9th Parachutist Assault Regiment "Col Moschin" Viale Mezzapiaggia 20, 56122, Pisa (Italy)

Re-enlisted in the Italian Army under the Role of Honour, a special status allowing me to continue providing operational and training support within the Armed Forces.

Responsible for the planning and delivery of UAV operator training, including theoretical and practical training activities related to UAV employment, operational procedures and mission-specific requirements.

Responsible for the Human Performance branch, focusing on the development and optimisation of physical and cognitive performance, resilience, operational readiness and human factors in demanding and high-stress environments.

The role combines military training expertise with the application of human performance principles to enhance individual and team effectiveness, decision-making, resilience and performance under pressure.

Business or sector Defence & Security.

06/03/2026 – 15/03/2026

Paralympic Athlete – Para Cross-Country Skiing & Para Biathlon

Milano Cortina 2026 Paralympic Winter Games – Italy

Selected to represent Italy as a Paralympic athlete at the Milano Cortina 2026 Paralympic Winter Games, competing in Para Cross-Country Skiing and Para Biathlon.

Competed at the highest level of international Paralympic sport, requiring sustained high-performance preparation, physical conditioning, mental resilience, precision, concentration and the ability to perform consistently under intense competitive and environmental pressure.

This experience provided first-hand insight into elite human performance, performance optimisation, resilience and the management of physical and cognitive demands in high-pressure environments.

Business or sector Elite Sport & Human Performance

16/11/2019 – 07/07/2020

Special Forces Operative Detachment Operator - JTAC

9th Parachutist Assault Regiment "Col Moschin" Via dell'Ardenza 133, 57128, Livorno (Italy)

After a month spent at the Celio Military Hospital in Rome and another at the Santa Lucia Foundation in Rome for rehabilitation, I returned home awaiting medical examinations. I was recognized as unfit for military work and discharged.

Business or sector Military, Communication.

17/07/2019 – 15/11/2019

Special Forces Operative Detachment Operator - JTAC

Operation Inherent Resolve, Kurdistan, Sulaymaniyah (Iraq)

Deployed with the Task Unit and embedded with Iraqi Special Forces Unit.

As JTAC and Communication Specialist my task was to support the Special Force Command by providing terminal attack control and fire support as well as provide conventional and unconventional tactical communications support during the full range of the operation, using HF, VHF, UHF and satellite communication.

In charge of preparing and conducting training for local Special Forces Unit in order to make those

forces reach a proper level of combativeness to defeat the Daesh threat in the country. Moreover, my task was to conduct joint Special Operation with the local units, against the Daesh threat in Sulaymaniyah Area. Throughout the conduct of this type of operations my unit and myself were constantly exposed to direct fire threat and explosive device threat, in particular during one of those operation, an explosion of an improvise explosive device injured myself and other four men of the team. Due to left lower extremity amputation I was transferred via medevac at the BDSC Role III in Baghdad and after stabilization I was evacuated first in Germany and later in Italy.

Business or sector Military, Communication

08/08/2017 - 16/07/2019

Special Forces Operative Detachment Operator - JTAC

9th Parachutist Assault Regiment "Col Moschin" Via dell'Ardenza 133, 57128 Livorno, (Italy)

Operator of an Army Special Forces Operative Detachment, my task was to improve the training and maintain the combat readiness as JTAC and Communication Specialist. My tasks have been to deploy with short notice against terrorist threat in order to protect national interest. I planned and took part in high altitude jumps, dives, intensive physical efforts, day and night high risk activities.

Business or sector Military, Communication

29/03/2017 - 07/08/2017

Special Forces Operative Detachment Operator - JTAC

Operation Inherent Resolve, Mosul (Iraq)

Deployed with the Task Unit and embedded with Iraqi Special Forces Unit, close to the front line in the battle for the liberation of Mosul.

As JTAC and Communication Specialist my task was to support the Special Force Command by providing terminal attack control and fire support as well as provide conventional and unconventional tactical communications support during the full range of the operation, using HF, VHF, UHF and satellite communication.

In charge of preparing and conducting training for local Special Forces Unit in order to make those forces reach a proper level of combativeness to defeat the Daesh threat in the country. Special Forces Operative Detachment Operator

Operation "Sarissa" International Security Assistance Force (ISAF), Farah (Afghanistan)

As a young Special Forces Corporal, I was part of an Army Special Forces Operative Detachment. As Communications Specialist my task was to provide conventional and unconventional tactical communications support during the full range of the operation, using HF, VHF, UHF and satellite communication.

Deployed with the Task Unit in the city of Farah I was also in charge of preparing and conducting training for local Special Forces Unit in order to make those forces reach a proper level of combativeness to defeat Al-Qaida threat in the region. I also took part of Joint Special Operations with the local units, against Al-Qaida threat.

Business or sector Military, Communication

06/12/2010 – 28/03/2013

Special Forces Course Frequenter

9th Parachutist Assault Regiment "Col Moschin" Via dell'Ardenza 133, 57128, Livorno (Italy)

Frequenter of the Army Special Forces Course as a young private. Tested and trained continuously throughout the two years course, under extreme training pressure. During this period, I had to reach the high standards requested overcoming extreme training such as day and night patrols, skydiving training, maritime training, weapons and explosive handling training, winter and summer mountain training, and survival, evasion, resistance and escape training.

Business or sector Military, Communication.

EDUCATION AND TRAINING

30/11/2018 – 19/12/2022

Bachelor's degree in Political Sciences and International Relations

Cusano University Via Don Carlo Gnocchi, 3, 00166 Roma (Italy)

Unable to attend a traditional education program due to professional commitments, I started the course in Political Sciences and International Relations using distance learning methodology.

During the course, I acquired skills related to the economic, legal, political, sociological, philosophical and historical fields

I am completing my studies with the writing of a thesis on the Strengthening of Security and Cooperation in the Mediterranean Region.

03/04/2017 – 24/07/2017

IDEA Diver qualification course

IDEA Europe, 00100, Rome (Italy)

Civil course where I expanded my diving skills and I received the certification as Open Water Diver, Advanced Open Water Diver, Deep Diver, Diver Medic and Oxygen Provider.

- 14/03/2016 – 23/07/2016** **Combat Diver qualification course**
 COMSUBIN – Via Libertà, 3, 19025, La Spezia (Italy)
 Military course for Special Forces operator only, during which I acquired the ability to plan and conduct special forces mission in maritime environment. The skills I acquired make me capable of conduct diving during day time and night time with combat equipment, open-circuit scuba or rebreather.
- 13/04/2015 – 29/05/2015** **High Altitude High and Low opening parachute qualification course**
 9th Parachutist Assault Regiment “Col Moschin” Via dell’Ardenza 133, 57128, Livorno (Italy)
 Military course for Special Forces operator only, during which I acquired the ability to conduct all different kind of freefall jumps such as night jumps, with combat equipment and oxygen. Capable of performing both low opening jumps after having been freefalling from 24.000 feet or high opening jumps at 24.000 feet navigating distances of more than 40 miles.
- 13/04/2015 – 29/05/2015** **Joint Terminal Attack Controller Course**
 Air-Cooperation School, Viale Roma, 26, 00012, Guidonia Montecelio, Rome (Italy)
 Military course during which I acquired the ability to plan and direct the action of combat aircraft engaged in close air support and other offensive air operations from a forward position
 The skills I have acquired enable me to manage complex and potentially lethal situations calmly and confidently.
- 17/09/2012 – 19/02/2013** **Italian Army Mountain Training course**
 Mountain troops Training Center, Via della Scuola Militare Alpina 17, 11100, Aosta (Italy)
 Military course during which I acquired the ability to plan and conduct special forces mission in extreme cold and difficult environment. The skills I acquired make me capable of moving, fighting and surviving in winter and summer mountain scenario with the use of military equipment.
- 27/08/2012 – 14/09/2012** **Amphibious Warfare Training course**
 9th Parachutist Assault Regiment “Col Moschin” Via dell’Ardenza 133, 57128, Livorno (Italy)
 Military course during which I acquired the ability to plan and conduct special forces mission in Amphibious environment. The skills I acquired make me capable of moving, fighting and surviving in extreme humid scenario with the use of military equipment.
- 05/09/2011 – 03/02/2012** **Explosive handling and sabotage course**
 9th Parachutist Assault Regiment “Col Moschin” Via dell’Ardenza 133, 57128, Livorno (Italy)
 Military course for Special Forces operator only, during which I acquired the ability to prepare, handle and use different types of explosive materials. Capable of planning and conducting special forces missions which requires the use of explosives in land and maritime environment.
- 11/07/2011 – 22/07/2011** **Survival and Resistance to Interrogation course**
 9th Parachutist Assault Regiment “Col Moschin” Via dell’Ardenza 133, 57128 Livorno (Italy)
 Military course for Special Forces operator only conducted following the NATO standards. Throughout the course I had to survive and avoid capture in a rural area with no equipment available. At the end of 10 survival days I resisted 36 hours of interrogations.
- 16/03/2010 – 30/11/2010** **Italian Army Airborne Course**
 Military Skydiving Training Center, Via di Gello 138, 56123, Pisa (Italy)
 Military course during which I acquired the skills to conduct both static line and freefall jumps in day or night time carrying military equipment and weapons.
 Furthermore, I learned how to plan and conduct operations in squads.
- 08/09/2008 – 17/10/2008** **Army Infantry Course**
 85th “Verona” Volunteers Training Regiment, Via San Michele, 6, 37141 Verona (Italy)
 Military course for infantryman during which I learned the infantry basis, as weapons handling, topography, NATO terminology, cartography and how to work in a team.
